free of charge		

A fee is charged when a trade is executed. The calculation is based on the total value of the actually executed volume of a trade. In the case of a regular investment in the method of payment of fees for procuring a purchase „Gradually“, the basis for calculating the fee is the planned total amount of the investment, the fee is charged from the first payments until full payment of the fee. Distribution of funds into categories I., II. and III. and an overview of funds for which an exit fee is applied is available on the website www.jtbank.cz, in the Price Lists section.
